Some Projects

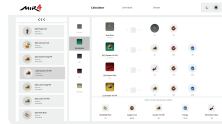

Personal Portfolio

03/17/22

My first project using NextJS, although it has a lot to improve, the result pleased me. There is still a lot of work to be done...

HTML CSS React NextJS

Mir4 Crafting Calculator

03/08/22

By far, what I'm most proud of, simply because it's the most challenging and most useful.

HTML CSS React

Quick Fretes Website

02/23/22

A website for a small move out company, there is still a big challenge to implement a new feature and I will certainly not leave the project aside.

HTML CSS React

Work Experience

Although I don't have any formal experience, every day I improve my knowledge to a job opportunity.
