Some Projects

Personal Portfolio 03/17/22

My first project using NextJS, although it has a lot to improve, the result pleased me. There is still a lot of work to be done...

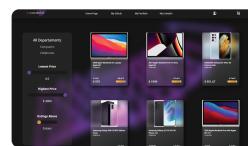

HTML CSS React NextJS

Mir4 Crafting Calculator 03/08/22

By far, what I'm most proud of, simply because it's the most challenging and most useful.

HTML CSS React

EzEcommerce (Fake) 03/29/22

A website of a fictional company, based on Amazon, with a modern design using modern technologies. Like every project, it still needs polishing. Follow my progress on Github!

HTML CSS React NextJS

Work Experience

Although I don't have any formal experience, every day I improve my knowledge to a job opportunity.
